

/30 Marks App

The Portrait can be a very difficult area for any artist to master. Remember just like everything in art, practice makes perfect. It is important to observe and draw what we see. Remember to fill the page with shapes and form, than slowly work in your values. Soon your drawing will come to life in front of you.

- In this exercise you will be drawing facial parts: Each part (eye, ear etc..) is worth 5 marks – in total you will be marked out of 20.
