

Name: _____

Picasso Face:

- Using the face template provided create a drawing of a face using a variety of materials and colours.

- Markers
- Pencils
- Foam
- Tissue paper
- Sprinkles
- String/Yarn
- Colour Pencils

- When your face is complete you will divide it into 4 sections, like the following diagram:

- When everyone is finished, you keep one piece, and the rest get traded. In the end you will have 4 different drawings that reconstruct your face again.

- You will be provided with a piece of cardboard in which you need to decorate for your background.
 - A good idea is to look at all the colours your face already has and choose a different one.
 - You may use construction paper, tissue paper, newspaper, etc...

- When your background is finished you will glue your face onto it. You may add any materials or designs you would like to your face using the white glue.

- When you think your finished check with the teacher to see if there is anything else that is needed to be added or hand it in.

Communication	Thinking	Application	Application
10 Marks	15 Marks	10 marks	30 marks
demonstrate understanding of topic under study	select tools, materials, processes, and technologies for art production	apply the elements of design to your work	complete studio projects in fine art and applied design using the creative process
