<p><b>Self Portrait Assignment:</b></p> <p>You will be creating a self portrait.</p> <p>Half of your face will look just like you, and the other half is your choice.</p> <p>Both sides need to be detailed and work well together.</p> <p>Therefore all your facial techniques that you have learned will be put into practice.</p> <p>All materials used need to be drawing materials (pastel, pencil, charcoal, colour pencils, etc).</p> <p>Artwork must be completed in the <u>Portrait Position</u> unless otherwise approved by the teacher.</p>			
<p><b>Identical Half:</b></p> <p>Choose which side of your face you want to draw for your portrait. Using a portrait of yourself, start off lightly with pencil and sketch down the basic shapes.</p> <p>You can use the tracing table in order to capture your image.</p> <p>Next start to fill in certain areas with values and other shading techniques. Work throughout the whole drawing and not just one section.</p> <p>Refer to the green duotang for further help or ask the teacher.</p> <p>(20 Marks App)</p>			
<p><b>Other Half:</b></p> <p>The other half of the face is your choice on what you want to do. It should reflect something about you. This should be about something you like to do, draw, look at etc... This can be almost anything. It has to be detailed and can be in colour (need to show shading)</p> <p><u>*** No cartoons, stick figures, and other similar concepts – these will not be accepted.</u></p> <p><b>Ideas:</b> Characters, Actors, Musicians, Artists, Nature, Robots, Gears, or Materials</p> <p>(20 Marks App)</p>
