

Sign Creation

In our travels throughout the day we see a lot of different signs. Signs, are visual images. We understand visual images instantly and don't have to read written information of what its about.

You will be making your own sign. There are four basic sign shapes:

Octagon: is for danger – Usually Red	Diamond: is for warning – Usually Orange or Yellowish-Orange	Triangle: is for caution – Usually white with red border	Circle: is used for WHMIS for hazard symbols
			

- Choose one of the four sign shapes. Think about what that sign shape means: Danger, Warning, Caution or Hazard.
- What visual sign will you create? You will be only using 2-3 colours only; therefore you must be precise with your idea.

Choose one of the following ideas to use for your sign:			
Alien Crossing	Bad Odors	Harmful Products	No Cell Phones
Music	Spies Ahead	Homework Free Zone	Slippery
Hot	Picky	Bumpy	Frozen
Wet	Heavy	Wash Hands	Sports Team
Flammable	Fresh Eggs	Vegetarian Area	Superhero Station
Monsters	Soft	Church / Religion	Playground
Sports	Art Supplies	Batteries Low	Bikes Only
Electrifying	Cooking	Do not touch	No Vampires
Werewolf Zone	Unicorn Crossing	Trucks no Cars	Shopaholic
Mermaids	Sharp	Your Choice: Teacher Approved	

- 1) Choose what you are going to make your sign about
- 2) Choose which sign shape fits this sign best
- 3) Sketch out your sign design on Newsprint to get ideas flowing
 - a. Remember to consider you can only use two colours and no drawing.
 - b. We are only using shapes to create out signs!!!
- 4) See the teacher for approval and supplies when you are ready to start
- 5) Construct your sign. Ask for help from fellow classmates or teachers if you need it.
- 6) When finished see the teacher to hand in your fabulous sign!

Please use the sign/templates provided
